

Yellow Medicine SWCD is seeking a Conservation Technician

ANNOUNCEMENT

General Duties: The Conservation Technician supports the local SWCD by collaborating with state and federal staff, agencies, and partners to promote conservation programs and protect water and soil resources in Yellow Medicine County and other SWCD areas. They comply with all SWCD personnel policies and local, state, and federal laws. The technician continuously develops their skills through training and education, provides detailed time tracking and work records for funding purposes, and advises landowners and partners on conservation practices and available technical and financial options. Additionally, they may complete tasks outside of their job description as directed by the SWCD Director.

Salary: \$24.98 - \$35.01 per hour

Minimum Qualifications: Minimum of high school diploma with minimum of 2 years' experience in a related field or 2 years of post-secondary education in environmental, agricultural or related field is necessary; Practical work experience in a related field is preferred.

Desirable Qualifications: Bachelor's degree in environmental studies, agronomy, production agriculture and 2 years of work experience in a related field
